External drain valve

Powerful Whirlpool* jet with water flow management

One-piece polyethylene construction

Easy transport with integrated handles

A TRIAL WILL CONVINCE YOU

The **Orion** is a new generation spa. It's roominess exudes unparalleled comfort. It's 100% accessibility exudes piece of mind and above all, it's extremely affordably. The **Orion** was engineered to combine comfort and roominess. It was designed with multiple seating options for massage variety and to accommodate different body shapes and sizes. It also has an oversized footwell for added leg comfort. The lounge is unique in that it can be used by a single person or with a second person relaxing at the other end. The lounge chairs are extremely roomy, as well, and two are equipped with armrests for added seating comfort. The **Orion** also has two cool down seats that provide a break from your massage or simply, a chance to cool down a bit without having to exit the spa.

You can direct the water through all the jets for a gentle, relaxing massage. If desired, you can divert the water through one half of the spa jets or through the other half of the spa jets to increase your intensity. And if you need to address a specific part of your body with dynamic force, you can direct all of the water through a single, turbo jet. Whatever your body desires, the **Orion** can deliver.

The **Orion** is manufactured for better heating efficiency so you can enjoy using your spa for long periods of time in cold weather. You can simply set it in place** and fill it with water. The **Orion** was designed with a contemporary look that you will be proud to display in your backyard. It has the ambiance of an LED backlit, cascading waterfall which is enhanced by external LED scone lighting in each corner of the spa.
